

GOLDEN SANDS FACILITY SERVICES

FACILITY SERVICES CAPABILITIES

Quality. Regardless of challenge. Whenever expected.

For 31 years, Golden Sands has been called upon by our clients for their toughest challenges, because our unmatched expertise and determined work ethic successfully delivers their projects.

Today, we serve the commercial general contracting needs of the nation's largest financial institutions, one of the Southeast's primary sports venues, and a steadily growing list of prestigious clients including leading U.S. nuclear power utilities.

LOCAL TEAMS NATIONAL FOOTPRINT

Our value.

Responsive: Our experienced teams respond to both on-demand requests and emergency needs. Golden Sands 24/7/365 Emergency Hotline routes client's calls, guaranteeing a heightened response to critical service issues. Call us Toll Free: at 844.333.GSFS (4737).

Preventive: Golden Sands can create a customized and cost-efficient facility maintenance program to help extend the life of your facilities or grounds.

Well Planned: We design, and value engineer, projects to meet your budgetary, design and scheduling needs.

Cloud based technology for reporting. Field technicians are equipped with tablets and smart phones.

Each market is staffed with experienced Service Managers, Coordinators, and OSHA-certified Technicians. Staff undergo extensive background checks and are professionally uniformed and badged.

Our knowledgeable staff can identify problems before they arise and perform preventative maintenance.

Our goal is to self-perform all work, however when that is not possible, we utilize a well-vetted base of corporate partners.

Our custom designed Work Order Management system tracks work orders from start to finish, allowing us to provide better, faster, and more economical service.

Centralized billing system provides uniform and consistent invoicing and reporting no matter where the work is performed.
